FERNO **Millennia** & **NAJO** Spinal Boards

Millennia Board is made from lightweight, foam-filled ABS plastic, the boards are X-ray translucent plus non-slip and smooth for easy patient transfer.

- Sealed to resist fluids, chemicals and heat
- Tapered design for easy handling in confined spaces
- Wider, longer hand-holds to improve control
- Suitable to fit inside the; Model 71, Gazelle and Titan 32 Basket Stretchers

NAJO Tapered Redihold Board

- Two handles at tapered end provide more stable transport
- Head area is smooth to ensure all head immobilization devices adhere to the board
- Angled edges for log-rolling
- Capable of floating 70 kg / 155 lb
- Suitable to fit inside the; Model 71, Gazelle, Titan, Titan Tapered and Titan 32 range of Basket stretchers

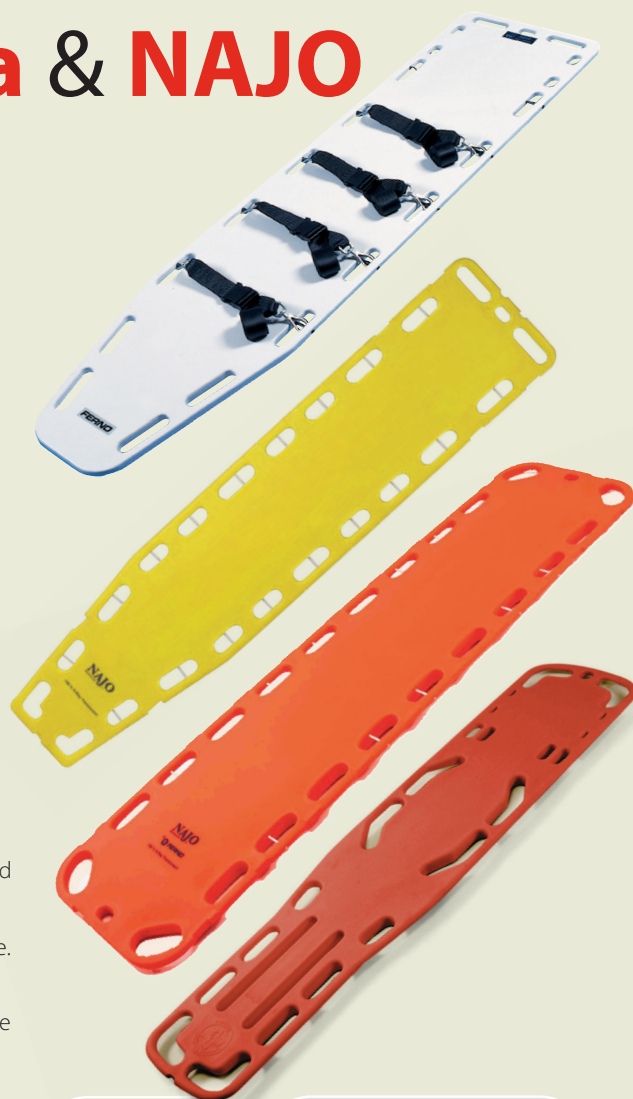

NAJO Sports Board is specially designed for bariatric and specialist use. The board has a 454kg load capacity with 510mm width and 2030mm length to allow larger size patients to be immobilised. Strong, one-piece HDPE construction is impervious to all bodily fluids, is easy to decontaminate, and provides 100% x-ray translucency. Guaranteed for life under normal usage.

- Impervious to all bodily fluids
- 100% X-ray translucent
- Easy to clean and decontaminate
- Available with 10 or 18 pins
- Suitable to fit inside the Titan 32 basket stretcher

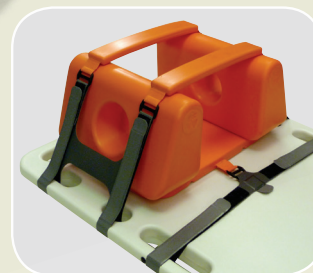

NAJO Water Rescue Board

- Specially designed for land and salt water rescue
- Lightweight and buoyant
- Design allows easy placement during water rescue
- Suitable to fit inside the; Model 71, Gazelle, Titan, Titan Tapered and Titan 32 range of Basket stretchers

Colours Options: NAJO Backboards are available in standard colours: red, orange, blue, green and yellow
