FERNO Evacuation Stretchers

Stay in complete control... with Bariatric and Tracked versions of our industry-leading Emergency Evacuation Stretchers.

Model 11-B

A Bariatric First Call Trolley for safe and dignified handling

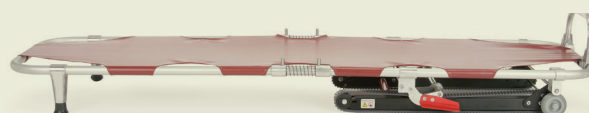

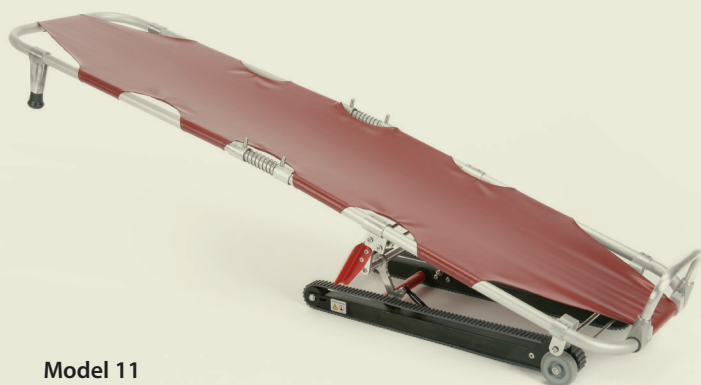

- **Exceptional ease of use** – lightweight but sturdy bariatric stretcher, with a load limit of 250kg
- **Convenient for carrying or storage** – folds in half when not in use
- **Footrest included** – supplied as standard

Model 11-T

Performs evacuation down stairs with far greater confidence and control

Combines the innovative features of our Model 11 stretchers with a track system for ease of manouvering downstairs.

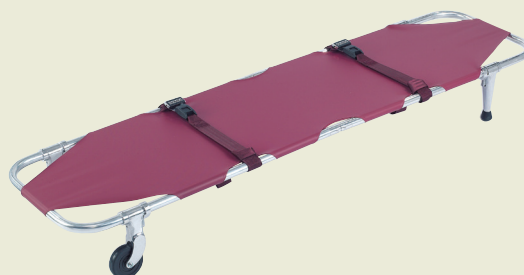

Model 11

A lightweight, economical stretcher you can rely on to provide years of service.

Model 11 is Ferno's solution to this dilemma. Its exclusive slim-line design means that you can fold it easily for compact storage – but the heavy-duty vinyl-coated nylon ensures it's tough enough to provide lasting service.

- **Fast unfolding** – supplied with quick-release retaining straps
- **Durable and hygienic** – polymer surface impervious to fluids
