## **Miranda & Telesto Medical Bags**

When used in conjunction with several mini-kits, these bags form a complete system for easy transportation of trauma and oxygen therapy equipment. They offer many storage features and are capable of taking a 'D' size oxygen cylinder.

The bags have removable foam panels for easy cleaning. The main compartment zip has a padlock facility for added security. Both bags may be carried by the handles or shoulder strap, Miranda also converts into a rucksack.

- Available in blue or red hard-wearing Cordura
- Ergonomically designed shoulder strap
- Feature a wealth of storage options.

## **Airway Management Roll**

- Designed to carry a complete range of airway instruments and accessories
- Features VELCRO® strips for attachment into the Tycho and Zeta rucksacks
- Folds and stores away neatly.
