

Specification Sheet

TabLock Security Seal

Our TabLock security seal is a **light-weight** pull-through security seal, featuring small printed tab end. The TabLock is a low-cost, simple but effective seal for **wide application** within logistics and industry. It is available in **two lengths**, with/without **tear-line** for removal by hand.

It is particularly suited to providing low-cost tamper-evident sealing of **cash bags, mail sacks** and **waste sacks**. The Tab Lock is manufactured in the UK and can be fully customised, including **logos and barcoding**.

Applications

Clinical waste, mail and cash bags, shredding consoles, trailer doors
